

Implementing the EDUCATION 2020™ Virtual Classroom Suite

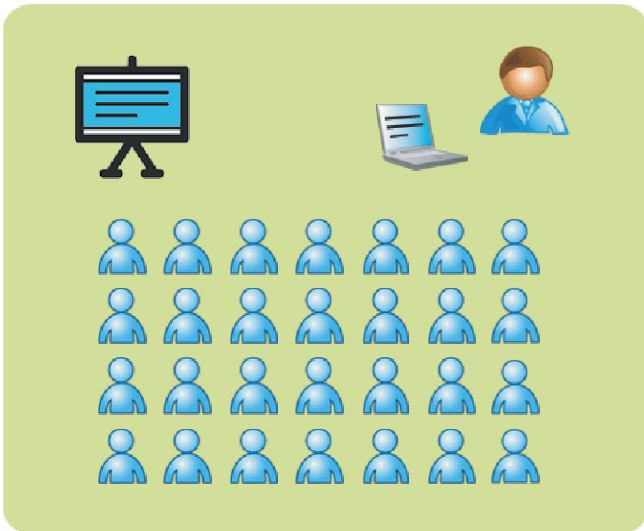

Designed for students in grades 6-12, EDUCATION 2020™ offers school districts a standards-based core and intervention program to help students realize their academic success.

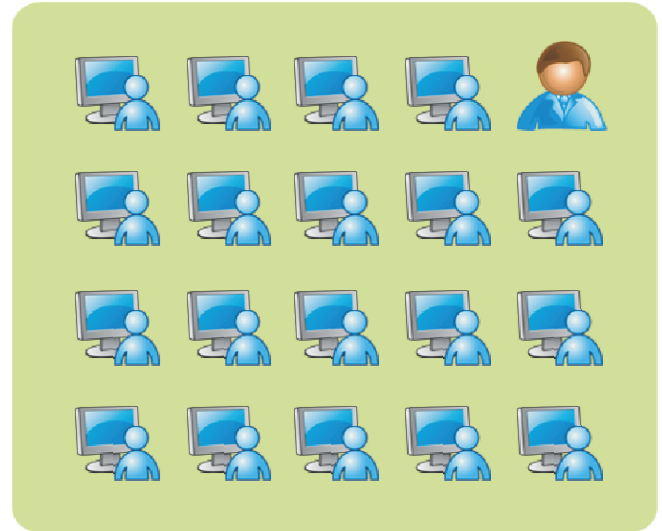

EDUCATION 2020 instructional courseware provides learning opportunities for students in core instruction, credit recovery, exit exam intervention, non-traditional, at-risk, home-bound, or other alternative settings to complete credits through virtual online courses in a flexible and engaging environment.
